A FUNNY FACT about you (wacky talents, unusual hobbies)

Because of Camp So Much is Possible!

Here at Summer Trails, we have always known the importance of Camp. We have spent every year since 1974 building friendships, making memories and providing a nurturing experience for our campers. The American Camp Association (ACA) has launched a campaign to educate the country about the powerful benefits of camp. As you know, camp, and the experiences of camp, defines us, even as adults. Camp has touched many lives, introduced people to new passions and broadened horizons. It's time for you to share how your camp experience has significantly influenced you. Please fill in your top 5-10 things that love or learned at camp.
