

ROOKIES PROGRAM

The Summer Trails Rookies Baseball Program is an opportunity for our entering 1st and 2nd graders to experience Baseball Camp. Campers will have the chance to head to the baseball fields during the last period of the day for baseball skill instruction, drills and competitions. This program is designed to introduce our young campers to the game of baseball, and ensure they have fun while working on their organized sports skills.

Here's What our Rookie Parents are Saying:

– Parents of Aiden, Croton on Hudson

We were more than satisfied with our Summer Trails Rookie experience and are looking forward to Anthony joining Baseball Camp when he is of age
– Parents of Anthony, Yorktown

My son had a great time at camp this summer, especially participating in the Baseball program offered to the 1st and 2nd grade kids

The number of session a child will participate may vary each week, however, their overall amount of instruction and field time will increase.
